Attn: Mr. D. Kemp

Dear Daryn,

We have a long standing relationship with Applied Color and have utilized their services on many occasions for our commercial clients. They are professional, thorough, trustworthy and offer great value for dollars spent. Their trade is generally one of the last onto our jobsites as they provide the finishing touches and the final impression. This final look is what we as a general contractor are judged on and we have been very happy with the impression left by Applied Color. We would recommend them whole heartedly.

If any further information is required, please do not hesitate to contact the writer.

Yours truly,

Goldwing Construction Inc.
